

## *Supply, Control and Apply Packages Designed for the Wood Market*

### **Eight Gun Low Pressure Application Package.**

**High-quality products and applicators  
packaged to meet the demands of a medium  
to large size wood shop.**

The versatile Carlisle Fluid Technology packages include everything you need to get your system up and running from supplying, applying and controlling the process including an automatic air spray gun.

#### **PACKAGES INCLUDE**

- AG-362 Automatic Gun
- 210L Elevator
- 1" SST Diaphragm Pump
- Air Filter/Regulator
- Fluid Filter
- Fluid Regulator

## AG-362 AUTOMATIC AIR SPRAY GUN

The all new AG-362 Automatic Air Spray Gun is our most versatile design for general industrial and wood applications. The applicator is available with two different manifolds to allow you to choose the air/fluid connection. The gun's compact size and weight makes it easy to position and align.

- Stainless steel passageways for water-base or solvent coatings.
- Simple construction and easy maintenance for minimal downtime.
- Multiple options and formats to evolve for all application requirements.

## 210L ELEVATOR SYSTEM

The Binks premium elevator system is fully configurable and assembled to your specifications. Featuring anti-twist mechanisms, and sturdy construction, they are designed for use with solvent or waterborne materials.

- Smooth speed-controlled operation reduces “bouncing and movement”.
- Air inlet manifold for quick connect.
- Elevator, agitator and pump controls in one place for easy access.
- Reinforced drum lid supplied dependent on configuration.

### 8-Gun Low Pressure Package

Supply	210L Elevator System, 1" SST Diaphragm Pump (qty 1)
Control	Air Filter/Regulator, Fluid Filter & Fluid Regulator (qty 1)
Apply	AG-362 Automatic Air Spray Gun & Fine Finish Tip (qty 8)

## The brands you trust

Carlisle Fluid Technologies, a wholly-owned subsidiary of Carlisle Companies Incorporated, is dedicated to providing customers industry-leading solutions for the supply, control, application and curing of a wide range of paints, powders, sealants, adhesives and other application materials. From manual finishing equipment, to highly automated mass-production installations, the company solves customers' material application challenges through the combination of product innovation and decades of technical expertise. Focused on efficient, cost-effective global solutions for the transportation and other industrial markets, the company offers an expanding collection of pioneering product brands – *BGK*<sup>™</sup>, *Binks*<sup>®</sup>, *DeVilbiss*<sup>®</sup>, *Hosco*<sup>®</sup>, *ms*<sup>®</sup> and *Ransburg*<sup>®</sup>.
