

Supply, Control and Apply Packages Designed for the Wood Market

Eight Gun Medium Pressure Application Package.

**High-quality products and applicators
packaged to meet the demands of a medium
size shop.**

The versatile Carlisle Fluid Technology packages include everything you need to get your system up and running from supplying, applying and controlling the process including a user-friendly electronic metering solution.

PACKAGE INCLUDES

- AG-364 Automatic Airless Gun
- Air Assisted Airless Fine Finish Tip
- Maple Pump 8/25 Module
- 210L Elevator
- 210L Suction Hose

AG-364 AUTOMATIC GUN

The all new AG-364 Automatic Airless Spray Gun provides improved transfer efficiency. Available in dead-head or recirculation manifolds, this high-quality airless gun helps eliminate excessive paint waste and lengthy cleaning time. The applicator accomplishes ultimate transfer efficiency resulting in reduced overspray, cleaner machines and reduces applied coating cost per piece. A softer, high-integrity fan pattern allows for the consistent application of materials.

- Softer, high-integrity fan pattern
- Increased transfer efficiency reduces overspray, time and materials
- Tip versatility for use on a variety of wood finishes

MAPLE PUMP

The Binks Maple pump is an advanced air operated horizontal piston pump designed to handle shear sensitive solvent and waterborne paints as well as pure solvents. The pumps design combines an energy efficient air motor with a low-shear fluid section for a smooth, consistent flow of material.

- Patented quick exhaust technology removes the risk of valve icing
- Enclosed bellow for no exposed seals and reducing pump maintenance
- Stainless steel fluid sections

8-Gun Medium Pressure Package

Supply	Maple Pump 8/25 Module, 210L Elevator & 210L Suction Hose (qty 1)
Apply	AG-364 Automatic Airless Gun & Fine Finish Tip (qty 8)

The brands you trust

Carlisle Fluid Technologies, a wholly-owned subsidiary of Carlisle Companies Incorporated, is dedicated to providing customers industry-leading solutions for the supply, control, application and curing of a wide range of paints, powders, sealants, adhesives and other application materials. From manual finishing equipment, to highly automated mass-production installations, the company solves customers' material application challenges through the combination of product innovation and decades of technical expertise. Focused on efficient, cost-effective global solutions for the transportation and other industrial markets, the company offers an expanding collection of pioneering product brands – *BGK™*, *Binks®*, *DeVilbiss®*, *Hosco®*, *ms®* and *Ransburg®*.
