Price Increase Notification

Dear Channel Partner:

We continue to face inflationary pressure, high-interest rates, supply chain disruptions, and economic uncertainty that impact our businesses. Despite these pressures, Carlisle Fluid Technologies was able to maintain prices for the first quarter of 2023.

To help support the quality of our products and remain a reliable and stable partner for your business, we must raise our market pricing for our entire product portfolio and brands.

Effective April 4, 2023, Carlisle Fluid Technologies will implement of 4% average price adjustment across all products.

- All orders placed after **April 4, 2023**, will be subject to the new pricing. New pricing will also apply to all contractual prices.
- All orders in-house before **April 4, 2023**, increase that has yet to ship due to shipment or manufacturing delays will be invoiced with pricing before the April increase.

In February, an excel file with standard list prices, effective April 4, 2023, will be sent to update your ERP systems.

As always, Carlisle Fluid Technologies is committed to providing quality products and services and truly appreciate your business. We will remain focused and provide you with the best customer experience.

We appreciate your understanding, and please let us know if you have any questions.

Sincerely,

Andres Lacassie

Vice President Sales & Marketing
